

TECHNICAL DATA SHEETS

DESCRIPTION

Our space wheels, ranging in size from ¾" cover to 3" cover, are designed for ease of installation and a secure connection to reinforcing steel or mesh. Our unique design allows for use of our space wheels on typical rebar sizes as well as #2 mesh setting us apart from the competition. Simply push our space wheel onto the reinforcing steel for a secure compression fit and in the case of #2 or #3 mesh or bar, lock the tabs in place for a secure connection.

FEATURES

- Cover Heights from ¾" to 3"
- Strong, easy to use.
- Secure connection.
- Multiple bar sizes.

APPLICATION

- Foundations, bridge decks.
- Parking structures, caissons, precast.
